Chapter 12 — Frequently Asked Questions

Quick Answers to Common Questions

Q1. Can I insure my parents under the Family Floater plan?

Yes. Under Family Floater Plus and Elite plans, you can add up to 2 parents or parents-in-law. If parents are above 60, a separate Senior Citizen plan may offer better coverage and is often more cost-effective.

Q2. What is the maximum age to buy a ShieldCare policy?

Individual plans: up to 65 years at entry. Senior Citizen plans: up to 80 years. There is no maximum age for renewal — lifetime renewability is guaranteed for all plans.

Q3. Is there a waiting period for accidental hospitalisation?

No. Accidents are covered from Day 1 of the policy, with no waiting period. The 30-day initial waiting period applies only to illness-related hospitalisations.

Q4. How do I check if my hospital is in the ShieldCare network?

Use the Hospital Locator feature on the ShieldCare app (available on iOS and Android), visit www.shieldcarehealth.in/hospitals, or call 1800-XXX-1234.

Q5. Can I increase my sum insured at renewal?

Yes, you can increase your sum insured at every renewal, subject to underwriting. No additional waiting period is imposed for illnesses already covered; a waiting period applies only to the incremental sum insured portion.

Q6. What happens if I miss the renewal premium?

ShieldCare provides a 30-day grace period after the due date. If renewed within the grace period, coverage is considered continuous. If the policy lapses beyond 30 days, it will be treated as a new policy with fresh waiting periods.

Q7. Is COVID-19 treatment covered?

Yes. In-patient hospitalisation due to COVID-19 is covered under all ShieldCare plans in line with IRDAI's Standard Health Insurance Policy guidelines.

Q8. Can I claim for the same illness twice in a year?

Yes, as long as the total claims do not exceed your sum insured (or restored sum insured under the Restore Benefit for Gold/Platinum plans) in the policy year.

Q9. Does ShieldCare cover pre-existing diabetes and hypertension?

Yes, after the applicable waiting period (1–2 years depending on plan). Once the waiting period is over, all complications arising from pre-existing diabetes and hypertension are fully covered.

Q10. How do I port my existing health policy to ShieldCare?

Apply online at www.shieldcarehealth.in/portability or call 1800-XXX-1234 at least 45 days before your current policy's renewal date. Provide your existing policy details and claims history. ShieldCare will credit all waiting periods served.
